Google Classroom

Dear Parents / Carers,

A Google Classroom account has been set up for your child. This means that if a class has to self-isolate because of a positive COVID-19 test, we can get remote lessons up and running much more quickly and efficiently.

In order to get your child, and yourselves, familiar with Google Classroom, we will be using it to set homework after half term. A PowerPoint which explains how to use Google Classroom can be found on the school website (Online Learning under the Curriculum and Classes Tab).

Your child's username and password is:

Username _____

Password _____

Butterfly Class will continue to use Tapestry.

Yours sincerely

Mr Paul Alford
Headteacher
